

7 NITK Faculty Researchers among Top 2% global scientists in 2020 – A study by Elsevier BV - Stanford University

A Stanford University study has published the names of researchers who are in the **top 2%** in their field based on productivity through publications and citations for the year 2020 in the **“Updated Science wide author data base of standardized citation indicators”** from Scopus database. 7 Faculty researchers from NITK Surathkal have featured in this list among the Top 2% global scientists.

Following faculty researchers have found a place in this data base for **career long impact**.

Name	Rank (All citations)	Rank in subfield (All citations)
Dr. D. Krishna Bhat, Professor, Dept. of Chemistry	2,30,963	1217
Dr. Jeyaraj P, Assoc. Professor, Dept. of Mechanical Engineering	3,06,614	4764

Additionally, a total of 7 faculty researchers have found a place in this list for a **single year impact (2020)**.

Name	Rank (All citations)	Rank in subfield (All citations)
Dr. D. Krishna Bhat, Professor, Dept. of Chemistry	67,938	467
Dr. Jeyaraj P, Assoc. Professor, Dept. of Mechanical Engineering	80,524	1561
Dr. Subhashandra Kattimani, Assoc. Professor, Dept. of Mechanical Engineering	98,348	1926
Dr. Mrityunjay Doddamani, Asst. Professor, Dept. of Mechanical Engineering	1,12,647	2225
Dr. Prabu Krishnan, Asst. Professor, Dept. of Electronics & Communication Engineering	1,72,153	459
Dr. Arun M. Isloor, Professor, Dept. of Chemistry	2,02,711	1195
Dr. Debashish Jena, Assoc. Professor, Dept. of Electrical & Electronics Engineering	3,96,292	1625

The Director, faculty, staff, and students of NITK Surathkal take great pride in acknowledging their contributions and congratulate them for their commendable achievements.

Hearty Congratulations!!
